

**Software Developer (Backend) – Transform the future of business relationships  
at ZopaAI**

**Location:** Saarbrücken/Hybrid

**About us:** ZopaAI is a dynamic start-up developing a revolutionary software solution in the field of B2B management (business-to-business). Our software offers globally active companies an AI-based system to better manage customers and build strategic partnerships in a more targeted manner. Our goal is to change the way companies interact with each other. At ZopaAI, we take an agile approach and value creativity, teamwork, and continuous development.

As a **Software Developer (Backend)**, you will contribute to the development of ZopaAI's scalable software solutions. You will work closely with our dedicated development team, supporting the evolution of our software.

**Tasks:** As a **Software Developer (Backend)**, you will:

- Taking end-to-end ownership of the technical development process for the sales software
- Designing, analyzing, implementing, and testing the software solution
- Gathering and refining software requirements
- Collaborating closely with team members in an agile development environment

**Requirements:**

- Strong knowledge of object-oriented programming, particularly in Python
- Experience developing and integrating RESTful APIs with JSON
- Proficiency with the Django framework, including asynchronous programming (e.g., Django Ninja) and ORM usage with databases such as SQLite and PostgreSQL
- Practical software development experience, e.g., through personal or academic projects
- Independent and structured working style with strong problem-solving skills
- Excellent teamwork and communication skills, with a strong eagerness to learn

**Our offer:**

- Direct impact: you actively shape how our AI-driven solution is rolled out to global industry leaders
- A steep learning curve and plenty of room to take on responsibility from day one
- The opportunity to build your career in a fast-growing technology start-up with international ambitions
- Flexible working hours and home-office options
- Competitive compensation and the potential for a long-term career path within the company
- A motivated, supportive, and international team that values your ideas and celebrates success together

If you want to be part of the growing team of ZopaAI, we look forward to your application. Please send your documents, including CV, earliest possible starting date and relevant references via email to [join@zopaai.com](mailto:join@zopaai.com).
